EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Don Lucas on 7/1/09.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach dual mirror apparatuses, a rear view mirror attaching to the other mirror as an extension, the rear view mirror having an mounting including the following elements:

Art Unit: 3632

an open recess in which the mirror mounting arm is located, the recess having a planer base which provides a mirror mounting arm engaging surface, the cross-section of the open recess being substantially rectangular and the planer base forming a long side of the rectangular recess, the long side having ends, each of the ends of the long side joining an end wall perpendicular to the long side, the end walls being arranged in parallel planes so that the end walls have surfaces facing towards each other; a V-shaped recess in the planer base to receive a mirror mounting arm, having a polygonal or a circular cross-section; the width of the V-shaped recess being less than the length of the long side such that a flat section of the long side remains on each side of the V-shaped recess and extends up to the adjacent end wall to receive a mirror mounting arm of polygonal cross-section selected from a square or a rectangle; the V-shaped recess having two surfaces which are angled at 120° to each other and extend up to the planer base; and clamp means provided on the mounting which engage the mirror mounting arm and clamp the mirror mounting arm to the planer base.
